

Call for Speakers - RIoT Charleston - DoD & IoT August 15 - Trident Technical College

How the 4th Industrial Revolution, IoT creates commercial & DoD opportunity

The Internet of Things (IoT) economy is growing rapidly and we are excited to hold our 19th RIoT to discuss how to capture this opportunity in Charleston and the greater commercial and military space. RIoT, based out Raleigh, NC, includes over 50 global sponsors and 5,000 members. We reached out to global leaders in the IoT and DoD space to share their expertise.

Cost: Student, Government, Military : Free Commercial/Other : \$79

Participating Organizations:

M.C. Dean, IBM, Verizon, Real Time Innovation, All Things Open, ST Micro, Arrow Electronics, Geometrics Data Analytics, Duke, Booz Allen, Wireless Research Center, NetApp, **More to be Announced**
